 35 Years Experience In Booth Design!  
**TLC National Convention Plant Services-800-852-0023**  
**POB 54962-Atlanta - Georgia - 30308 – plant@tlc-florist.com**

Benefit from 35 years experience in booth floral design! TLC designers assembled this water fall (left) on site in the exhibitor's booth – rock by rock and finished it off with greenery and colorful plants. TLC not only provided the fountain (below) but also built the retaining wall, installed the pavers around the water feature, designed and installed the garden areas.

**HUGE! Floral & Container Selection!**

TLC acquires unique plant & flower material from world wide growers! You will not find higher quality floral material or service!

From simple and elegant to wild and colorful! TLC designers wow even the most discerning of clients. With our design room on site, TLC will not rest until every client is satisfied – guaranteed!
